LET'S INTRODUCE YOU!

- Millionaire is the stunning result of combining GG4 and Kush Cleaner, two legendary strains with an abundance of resinous trichomes. Flavors are very complex. With the relaxation and euphoria from Gorilla Glue and the mellow feelings from Kush Cleaner, it is a great pick to help ease discomfort and pain.

LINEAGE

- **Gorilla Glue**
 - “Gorilla Glue”, also known as “Original Glue” or “GG4”, is a potent strain that delivers heavy-handed euphoria and relaxation, leaving you feeling “glued” to the couch. Its chunky, resin-covered buds fill the room with pungent earthy and sour aromas inherited from its parent strains. Gorilla Glue effects include feeling relaxed, sleepy, and hungry. Medical marijuana patients often choose Gorilla Glue when dealing with symptoms associated with stress, anxiety, and pain.
- **Kush Cleaner**
 - Kush Cleaner is a hybrid strain that has an aroma of a strong mix of earthiness and pine, much like that of its Jack Herer ancestor. Expect Kush Cleaner to focus its efforts cerebrally, but its mellow relaxation will eventually permeate throughout the body, easing pain and tension.
